

Free-standing shelf - galvanized

The free standing shelf intended for outdoor use from String® System fits equally well on a smaller balcony as on a larger terrace. The shelf is completely free standing but, if desired, can be secured to the base it is standing on. A complete section of the free standing shelf consists of one back panel, two uprights and two galvanized floor panels with height 85 cm and depth 30 cm.

About the designers – Anna von Schewen and Björn Dahlström

Architect and designer Anna von Schewen is considered one of Sweden's most progressive and experimental designers. She has, together with her companion Björn Dahlström, designed several products for String Furniture. Björn Dahlström is a well-established Swedish designer and industrial designer. He is represented in various museums around the world, including the national Museum for Art, Architecture and Design in Oslo, The Museum of Design & Craft (The Röhsska Museum) in Gothenburg and Victoria & Albert Museum in London.
